Airflow controller canopy		AC
Standard code		AEA100 (white) ; AEA157 (brown) ; AEA156 (oak)
Description		Airflow controller canopy with insect grille
Air inlets compatibility		EMM, EHA, EFR, window air inlets
Aeraulics		
Airflow @ 10 Pa with EMM or EFR*max. opening	m ³ /h	30
Maximum air cross section	mm ²	5 435
Air cross section @ 10 Pa	mm ²	4700
Characteristics		
Weight	g	75
Available colours		white / oak / brown
Material		PVC (flap in silicon)
Anti-insect grille / screen		■
Installation		
Slot		depends on air inlet, up to (350 x 14) mm
Fixing on window		■
Fixing on rolling shutter casing		■

*See also EFR air inlet airflow characteristics.

■ : standard

Airflow characteristics

Data with EMM air inlet, maximum opening, in oblique installation.
